CONVENTION FOR A DEMOCRATIC SOUTH AFRICA  
P.O. BOX 307

DEAR SIR.

Firstly, I would like to greet you and all members of Codesa, Management Committee, Steering Committee also the delegates at Codesa. As I'm peace loving african, I would to thank Codesa's members and officials on work had done for African's.

As mine worker I support the way forward on solving our countries problem hence we are believing that Codesa had find the wayforward by peaceful negotiations in this Country.

As I have a problem, I want know about the remaining issues when is Disagreements from the all five working groups, My problem is who are you going to entertain that issue hence know we are in Second Session, Secondly, I want to comment about the position of the government that the government want to take decision not Codesa, I said Codesa must take decision not a government.

The government or the National Party must withdraw his deadlock in working group two and support the Election of the Constitution making body by the system of 'One man one vote'. I think that can create a good climate for negotiation.

Thirdly, base on issue of participation of Zulu king at Codesa, this is a

delaying tactics made by the Government and Inkatha, because the kings don't know about politics and he had not support any parties or organisation in this Country, but to respect Culture and problem all nations of the Country not Zulus only.

I suggest that Codesa, must form a Subcommittee that can discuss the participation of Traditional leaders to politics. The Committee must operate through the Constitution of Goutsolesa which is the Organisation for Traditional leader.

I would like to say please Codesa has got a lot of jobs, this issue has been delaying many things while other people died in locations while others crying for their freedom from you and Codesa. We believe you can give us peace and freedom today.

The issue of Reincorporation of Tlwe state into South Africa is very important to all South Africans that everyone, Everybody can enjoy peace and freedom of South Africa not of Bophuthatswana or Giskei. It is not true that peoples in the Tlwe enjoy its independant as Mangope says, that is not true Mr Mangope.

SIR, that is all what I have in my mind, as man who suffering in the working place by the system of Hostel and were many people lose their lives because of political emotions.

Thank You so much for your commitment on our country's problem. You and You family have a long live.

And I would be happy if you can send me document of all working groups from one to five and all agreement have been reached on first session. Codesa ONE.

THANK YOU SO MUCH

Yours Faithfully

NELSON MASINA.
